

Take advantage of this stylish, design element for people counter installation

Give your people counting device installations a seamless look. Ensure that the people counter stays discreet and enhances your architecture and decor.

The Recess Mounting Kit XL for Terabee People Flow Counting L-XL fits easily into suspended ceilings. You don't need screws to place the sensor into the mounting kit or to install the kit into the ceiling. The sensor is also easy to remove for maintenance or to reposition if needed.

Key features

- Stylish, unobtrusive installation for suspended ceilings
- Suitable for both People Flow Counting L-XL LoRa and PoE models
- Fast, simple to install
- Color customization available upon request

Applications

Luxury retail outlets and showrooms

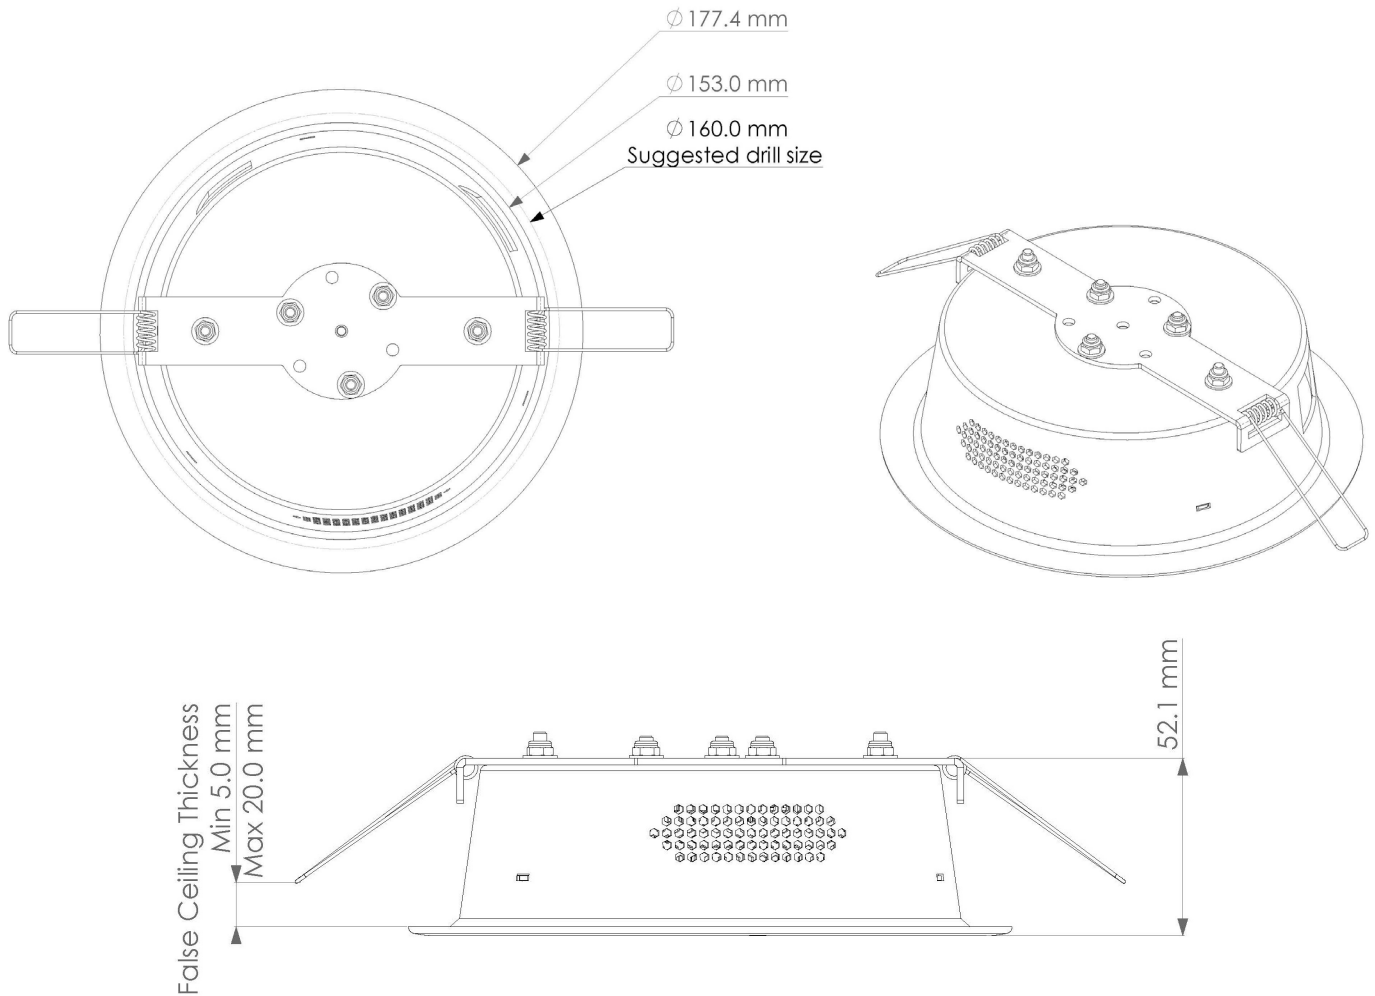

Premium hospitality venues (restaurants, hotels)

Prestigious office buildings and public buildings
